

Stop Motion By Arduino

FabLab Second Internship Members

September 25, 2017

Abstract

Contents

1	Introduction	2
I	Maquette and Scene	3
2	Maquette Fabrication	4
3	River Scene	5
4	Sun and Moon, Design and Control	6
II	Camera Motion Control	7
5	Translational Motion	8
5.1	Mechanical Design and Fabrication	8
5.2	Control and Programming	8
6	Rotational Motion	9
6.1	Mechanical Design and Fabrication	9
6.2	Control and Programming	9

Chapter 1

Introduction

Part I

Maquette and Scene

Chapter 2

Maquette Fabrication

Chapter 3

River Scene

Chapter 4

Sun and Moon, Design and Control

Part II

Camera Motion Control

Chapter 5

Translational Motion

5.1 Mechanical Design and Fabrication

5.2 Control and Programming

Chapter 6

Rotational Motion

6.1 Mechanical Design and Fabrication

6.2 Control and Programming
